

Dear families,

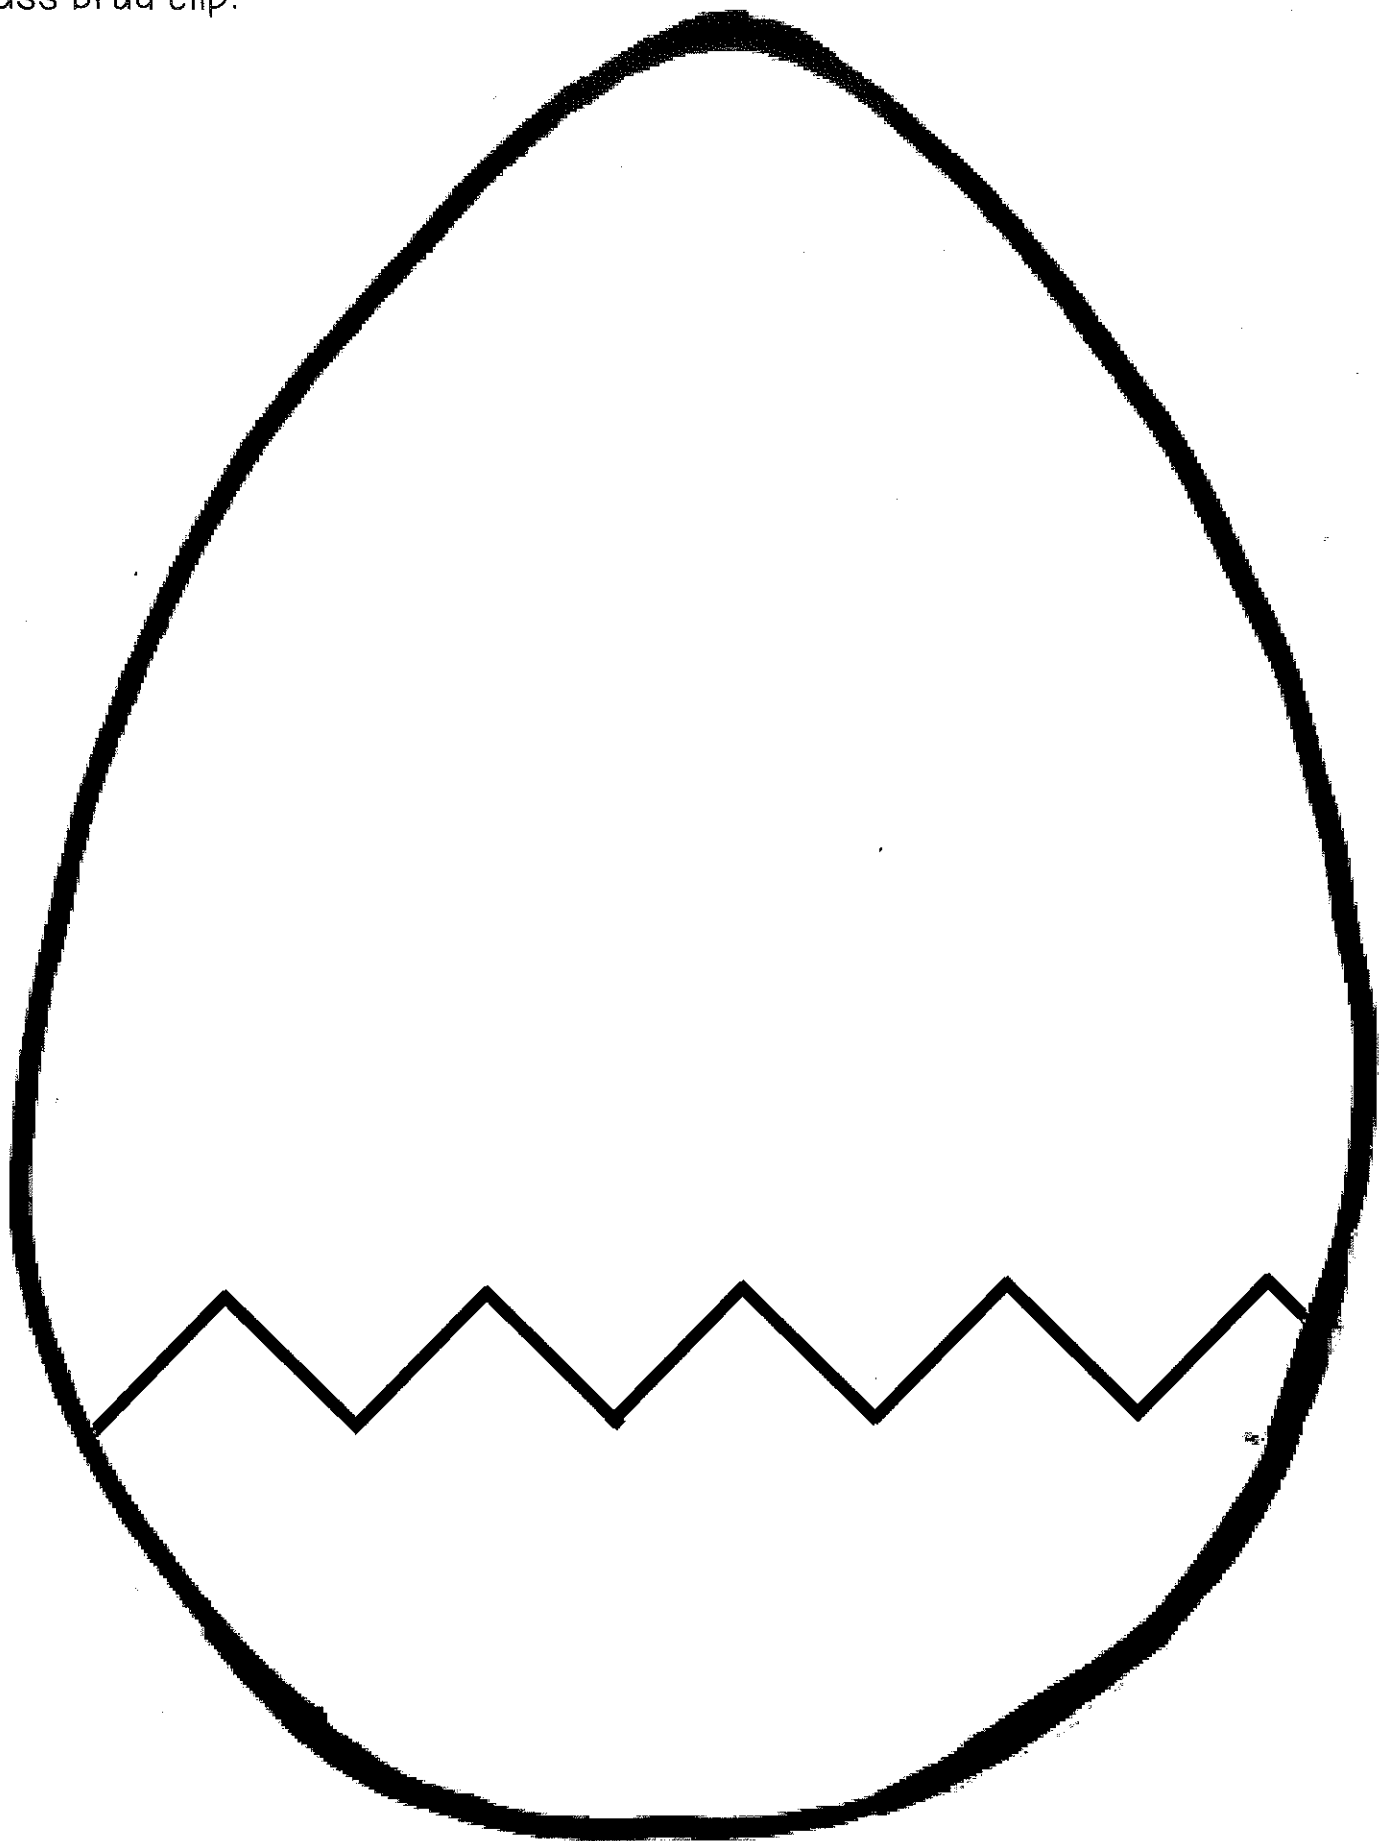

For the month of April, please help your child decorate their egg. You can use any items you would like to decorate it (no food, please!), such as paint, scrapbook pieces, or glitter, etc. Not only will the egg be decorated, but a second page will be done as well. On the second page, have your child draw and color the animal that is in the egg. The feet will be sticking out when the two papers are stapled together and the class will try to guess which animal is in the egg! Be creative and have fun!

Please have these turned in by:

Thank you!

Decorate your egg. Cut on the zigzag line. Then attach the to egg pieces with a brass brad clip.

Draw your animal on this egg. Make sure to have the feet be the only part below the line!

Glue the
decorated egg
here
